

PUBLIC NOTICE
For
Air Quality Operating Permit

32-7 CDP Compressor Station of Williams Four Corners LLC

Williams Four Corners, LLC at 188 County Road 4900, Bloomfield, NM 87413 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its 32-7 CDP Compressor Station. The owner of this plant is Williams Four Corners, LLC. The exact location of the facility is at latitude 36 deg, 55 min, 53 sec and longitude -107 deg, 33 min, 37 sec. To aid in locating this facility, the approximate location is 22 miles northeast of Blanco in San Juan County, NM. This application file has been assigned an Operating Permit Number P195R2 and TEMPO Agency Interest ID No. 1221.

Previously the plant received an air quality construction permit and is in operation. The main purpose of the plant is to compress and dehydrate natural gas for pipeline transmission.

This operating permit application is for a permit renewal. Per 20.2.70.401.C.(4) NMAC, this permitting action involves incorporating NSR 1032M6 and M7, and renewing the permit.

The emissions, as established in NSR Permits 1032M6 and M7, and brought forward into this permit are as follows. Parentheses note changes in emissions from previous operating permit action – P195-R1; emissions are expressed in tons per year (tpy): Nitrogen Oxides (NO_x) at 202 tpy (+0); Carbon Monoxide (CO) at 246 tpy (+0); Volatile Organic Compounds (VOC) at 229 tpy (+101); Sulfur Dioxide (SO₂) at 0.5 tpy (+0); and TSP, PM₁₀, and PM_{2.5} each at 8 tpy (no change).

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance status.

The NMED has made a preliminary determination that this plant will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 7, 61, 70, 71, 72, 73, and 82; 40 CFR 50; 40 CFR 63 Subparts HH and ZZZZ; and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before July 12, 2012.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P195R2. Contact the New Mexico Environment Department, Air Quality Bureau, Operating Permit Unit, 1301 Siler Rd, Bldg B, Santa Fe, New Mexico 87507-3113.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, Operating Permits Unit, 1301 Siler, Bldg B, Santa Fe, New Mexico 87507-3113. The Department contact in Santa Fe is Liz Bisbey-Kuehn at 505-476-4338.
